Some Rules to Keep Your Child and Other Campers Safe.

We want to make sure that you can be confident that your child will be in a safe and structured as well as a fun and informative environment.

- We will be practicing safe distancing for discussions and shot-hitting areas.
- A face mask is optional to feel safe for the camper and instructors, especially when practicing in close quarters.
- Students must bring their own water bottle/snack. There are no community water jugs on the premises.
- Students must use the bathroom facilities before the session starts. (No riding in a golf cart to these facilities. The clubhouse is closed. The only available bathroom is east of the range near the snack bar.)
- Students are advised to bring/use their own golf clubs. No sharing of clubs unless students are in the same family.
- The drop-off and pick-up site by the small buildings on the south side of the driving range will continue to be monitored by the instructor for continued safety and social distancing.
- Students must be mature enough to respect others' space and equipment and follow the rules. There can be no exceptions. If the student does not follow the rules, they will not be allowed to participate.
- Students will be unable to participate if they exhibit cold or flu-like symptoms.

We are fortunate that golf is one of the safest recreational activities. With respect for each other, we can continue to enjoy it!
